Notice to Candidates.

All communications recommending candidates
for office will be charged. Matter of description
is of a purely private and business
character, relating to the interests of individuals
and not coming under the head of news. There
is a severe fine imposed which brings a qual-
ification to fill the whole issue of the Con-
gress-Journal, and discrimination being so great
and inadvertent, we are compelled to put the matter upon a strictly commercial basis.

KENTUCKY NEWS.

The slight frost of Saturday night did no
damage of consequence.

The independent order of Good Templars
has 900 lodges and 30,000 members in this
State.

Pike County instructed her delegates at the
convention held at Frankfort to support the
ticket of the Republicans, and the delegates
voted to have their names removed from the
list of candidates.

An entire field was given up Saturday on the
Flemingburg and Elizabethtown roads for
the benefit of the subscription of \$100 for

used to defray the expenses of the colored
people in getting an education.

Mr. James Caldwell died Saturday morn-
ing at 3d inst. Mr. C. was born in 1812
and raised in Taylorville. He had been
there during his life, which had been length-
ened by his wife, and died more universally
loved and respected than was the boy
who lies beneath the sod.

The suit is brought in the Pendleton Circuit Court of
J. W. Lucas vs. the Riders of the Indian
Horse, and the damages done him on account of the Elders
within the fellowship of the church
of the Nazarene. Plaintiff claims \$100,000
as damages, and the defense is that he
should be entitled to \$100,000.

The Cynthia Democrat has the following:

"Abe Koller killed on Friday a strange bird,
a bird of prey, with a single blow of his
head black, name white, top of wing black,
moderate color, under side of wings, breast
and about the size of a wild pigeon, but measured
up to tip of wing two feet and a half.
Mr. Koller says he shot it over the river
over the river near La's station. Who can
give us a name?"
